

EC Declaration of Conformity

The manufacturer: **Chromasens GmbH**
Max-Stromeyer-Str. 116
D-78467 Konstanz
Germany

declares, that the following device and all corresponding variations

Device name:	allPIXA
Product number:	CP000383

were developed in accordance to the Directive 2004/108/EC electromagnetic compatibility and corresponding to the following standards:

IEC 61000-6-2:2005: Immunity for industrial environments
IEC 61000-6-4:2006: Emission standard for industrial environments
FCC: Class B

The devices are line scan cameras, which are used for optical scanning. The nominal supply voltage is 24V and the integration of the devices into higher-level systems is documented.

The product specification and documentation is provided in the original versions.

The declaration of conformity becomes invalid if changes are made on the devices, or the use is not in accordance with the documentation.
